

BAYSIDE

BUSHLAND BEACH

Sunland Group is proud to present Bayside – a vibrant new community in the heart of Bushland Beach featuring large family home sites, close to local beaches and parklands and perfected by ocean breezes.

LOCATION

Located in Townsville's thriving Northern Beaches, Bayside at Bushland Beach presents an unmatched opportunity to become part of Townsville's only master planned seaside community. Every home site enjoys cool ocean breezes and is superbly positioned within walking distance of the shores of Halifax Bay and its stunning views of Magnetic Island. Easy access to the Mount Low Parkway, Northshore Boulevard and Bruce Highway takes you direct to Townsville's city heart and the vibrant seaside recreational and dining precincts of The Strand. Townsville Airport is only 20 minutes by car, and major employment nodes, shopping and leisure facilities are all within easy reach.

BUILD YOUR DREAM HOME, YOUR WAY

At Bayside at Bushland Beach, thoughtful master planning means home sites offer unsurpassed choice to suit your life and style – extra-large or conveniently compact, level or gently undulating. The master plan also incorporates changing elevations, maximising the wide ocean views, as well as views to the Townsville CBD and west to the Pinnacles. Best of all, you're free to select the professional builder whose ability and experience will bring your vision to life. Building Covenants and Design Guidelines at Bushland Beach have been created to protect your investment and uphold the high standards of home design and presentation Bushland Beach is renowned for.

An idyllic coast lifestyle

PARKLAND PRECINCTS

The vast 15 hectare Peggy Banfield Park is located at the heart of the community. The first stage of the newly redeveloped park is open to the public and includes two new dog parks, a shaded children's playground, undercover BBQ facilities, football fields, and netball fields, in addition to the pre-established skatepark and sporting centre. The second stage of the multi-million dollar redevelopment will deliver permanent shade structures, trees and gardens, a multipurpose oval, additional playing fields, footpaths, an inclusive playground, and an amenities block. A new one-hectare community parkland (pictured) is also planned for 2019-2020 delivery, featuring extensive landscaping, children's play areas, and shaded barbecue and entertainment areas. It will be connected to the surrounding homes via a series of 'green spines' and nature trails.

Magnificent island views
